I am delighted to learn that your monthly e-magazine South Asian Outlook will be celebrating ten years in July.

Let me congratulate you and your team for publishing this highly informative and entertaining magazine, which contributes to the knowledge of South Asians around the world.

Canada is home to a vibrant and growing South Asian population. Your publication will no doubt, continue to be a welcome addition to Canada's mediascape and will cater particularly to the needs of the city's South Asian community.

Canada prides itself in being a truly multiethnic and multicultural country. Ethnic media institutions such as yours help ensure that this ideal is further strengthened.

As you celebrate this important milestone, I wish you and your staff much success in putting out a quality magazine that will be sought-after by its readership.

Sincerely,
